

Sitka, Alaska 2-2-97. 189

Dear Sir,

I am informed on reliable authority that effort is being made by a certain party here to secure Mr. Gambles' removal from the work. I trust that if this is true that you will use your influence to have him retained. It is my candid and honest opinion, outside of all personal feeling, that Mr. G. is one of the most efficient workers here but you are well acquainted with his ability. I am aware that there has been a serious misunderstanding between Mr. G. and the Supt. but I know that this has been adjusted and that Mr. G. has promised to abide by The Supt.'s directions and the wishes of the Board. To remove him, especially at this time, would seriously cripple the work. Believing that you will give this matter your careful attention,

I am,

Very respty.

Dear Doctor

Herewith please find my application for the appointment to the office of U.S. Atty. for Alaska. I merely send it to you for the purpose of getting your opinion, whether the same is in proper form, and if so, please deposit the same in the Post Office, so that it will reach the President.

I fully understand the position you occupy, and I do not want you to do anything which might embarrass you. You kindly offered to speak to the Board for me in this matter. I also wrote to Mr. Roberts.

JUNEAU, ALASKA,

Will you kindly suggest to me what is or will be necessary for me to do in order to place my case in a proper manner before the President?

Mr. Keller, of late, acts strangely, I always supposed he was friendly to me, but I find he is working for one C. S. Hannum, a new arrival here and of no good reputation in the community where he last resided.

I will forward on next boat the endorsement of the Alaska Bar Association, and if you think best, hold this application, until the other endorsement arrives.

Mr. Johnson's application for Governor's office has been forwarded on this boat, if you consistently can assist him it will be appreciated by us.

At any rate let me hear from you if convenient.

Very Respectfully

Dear Brother:

I have thought that it would
be a good plan to keep, as Stated Clerk
of Presbytery, a Ministerial Register
incorporating the points suggested by
the enclosed list of questions.

Will you fill out the blanks and
return to me as you have time.

I am trying to secure
responses, not only from all those
who are in connection with our
Presbytery now, but also from all
who have labored within its bounds
whether before or since its organiza-
tion, or whether received as mem-
bers or not. Among the list of
ministers who have labored

here are two names not mentioned in our Minutes. Rev L.W. Currie who was received in 1886 from the Presbytery of Eastern Texas of the Southern Church, & Rev W.W. Winchester, who was to be received upon presentation of his credentials but who seems never to have presented the same. Can you give me the present addresses of either of these brethren -

Also can you give me the address Rev W.H. R. Cortis who came as an independent missionary in 1879 to Wrangell. I believe he was a Baptist.

There is no record in the minutes of Presbytery regarding the organization of the Church at Juneau (Log Cabin). Is it

year 1889 yourself & Rev E. S. Willard were appointed to this duty and in 1890 the committee was continued but there is no far.

Dear friend Do you remember whether there ever was any formal organization and if so can you give me the facts in connection therewith, date and persons.

I am anxious to have the historical record of our Church as complete as possible.

With kind regards I am

My dear Sir:

Since my last to you, in the matter of the Governorship of Alaska. I learn through Mrs James that the Mission folks desire Mr Brady. This just suits myself and I know it will also suit Judge Warren Smith who would probably seek for reappointment as Judge under Brady as Governor but not under Johnson. I will inform Judge Smith of the Mission folks wish, if it is also yours.

In a recent letter I have these words:

"I was much pleased to receive your letter and

I am inclined to endorse Hon Warren Smith for Judge, I learned to like him when I was in Alaska, and from my examination of his work. His address is Moscow Idaho, We may

When such events transpire as the murder of Mr. Edwards, the tarring and feathering of Dr. J. J. Connett and the double murder at Chilcat (July 4-15, 1892) we rank christian men of nerve and moral courage to handle them -

If some one in Alaska is to be considered by our folks for U. S. Attorney, I know of no one better fitted for it than John G. Reid Esq of Juneau, unless some one has migrated there since my visit -

I would be pleased ~~to~~ if you would keep me posted on Alaska affairs and where I can assist you in endeavoring to establish good government in that badly governed district. We ought to be able to better it this time over Harrison's administration, with Bugbee, Johnson, Blackett, and the Marshal -

My dear Brother:--

Allow me to make a recommendation in regard to the Gov't. employees in the school here. It is my judgment that it will make for the interests of the school to sever Mr. Beck's connection with the school, if that has not already been done, and let the Gov't furnish two school room teachers, new timber, as both these ought, in justice to themselves and to the work, to be relieved from further service here. The Gov't would then furnish Miss Hilton, Mr. Froese and the two school room teachers. It is nothing to me ^{personally} as you know, and you may think this recommendation comes with poor grace from me, and is an effort to retaliate, but I assure you that such is not the case. I feel that I have been thoroughly vindicated by the Board. Mr. Beck will do very well in missionary work somewhere alone but his work here in connection with the school is certain to be unsatisfactory. He is a great admirer of the Austin character and I should dread to have one so tinctured to be loaded upon my successor, whoever he may be. I wish to see this work prosper, and shall do all I can by lecturing, talks, and private work to enlist the interest of others. I do not feel vindictive toward these workers that have rebelled against me, tho' as I told Dr. Wilbur in our conversation a few days ago, I never received such unfair treatment from political bums and ward heelers as I had from these fellow Christians from whom I ought to expect sympathy and coöperation. It is currently talked and generally understood here, that the Austins intend to "travel" this spring and all their satellites ought to have that same notion put into their heads some way. Mr. Beck is a good, conscientious man and wants to do what is right. He is an ordinary mechanic, has but little tact in managing pupils and withal he is exceedingly narrow minded and stupidly stubborn. Before he became your appointee he was hostile to both your authority and to mine taking Mr. Austin as the man of his counsel. . . . Now there is no question that this work will not prosper and be blessed till Mr. and Mrs. Austin together with all their following are removed from this particular field.

This includes, especially and first of all, Mr. & Mrs. Beck and Mrs. Saxman.

Mrs. Saxman is in no condition, physically or mentally, to continue in the work any where. I have plainly laid these facts before the Board and Mr. McAfee, I think, fully understands the situation here. I know that I have been a "thorn in the flesh" to some of these people but I am fully convinced that the Lord sent me here to do the very work that I have done. As matters develop I am more and more assured of this fact. I believe that my mission here has been accomplished and all this unpleasantness will be over ruled for the honor and glory of the Master. But the Board and all concerned will have to do their duty fearlessly in this matter. He maketh the wrath of men to praise Him. This scripture has been fulfilled here in a most remarkable manner. It was quite necessary that I should leave the work though it might seem that I was sacrificed in order to bring about the right results. If the work here had received heroic treatment long ago, the clogged wheels would have been moving on smoothly long ere this.

I have just reported to Mr. McAfee the fact that Mr. Austin has received a hundred dollars a year from Peter Calsen here while his girls have been wholly sustained by the school. They are very indignant at me for exposing this embezzling business but I care nothing about that. It is dishonest, as are many other things they have ^{done} ~~here~~ in appropriating to themselves every thing they choose from the missionary boxes sent to the school. The Board asked me to ascertain the facts in regard to the Calsen matter and I did so giving them the bare facts without note or comment. It now lies with them to settle the matter. Knowing the cramped circumstances of our Board I have managed the finances of the school with the utmost care, and practiced the most rigid economy. I have thus reduced the current expenses of the school to almost one third of what they were before I came, during Mr. Austin's administration.

We hope to be able to leave Sitka the first steamer in April. Mrs. Shull and the children are in excellent health. I suffer a little from ^{my} insomnia. Trusting you and your family are well I am

My dear Brother, Your esteemed favor of the fourth inst. has just been received. I am very grateful to you for your endorsement and your kind words in my behalf. I shall try to verify all that you say by doing acceptable work wherever I may be called. The desirable climate of S. Cal. makes competition sharp in that locality. I have been asked to write Pres. Parkhill of the Occidental University Los Angeles (Presbyterian). Such a position would not be lucrative but would be very much to my taste. I prefer Latin, Math, Meta-physics or political science & Civics.....

I have intended to put the water into Miss. Hilton's cooking room as soon as cold weather is over. I shall see that it goes in before I leave. I have just got March No. of Star out and shall turn the paper over to Dr. Willms. March number goes on this steamer. I think we shall go in Mexico Mar. 31 (D.V.)

Helen and Josephine were delighted to receive a letter from you. It was very kind of you to remember them. Helen says she will keep the letter till she grows to be a woman.

Matters here have quieted down considerably. Mr. Gamble & Mr. Beck both seem to cherish a rebellious spirit. Dr. Willbur has made confession of spiteful treatment of me and made a manly apology.

I cherish no spite and shall not tho I am very glad to be relieved after passing thro the most unpleasant and the only experience of the kind in my life.

Thank you for those cuts. Send bill of any expense there may be on them. I presume Mr. Brady will have reached Washington before you receive this letter.

I write this to ask concerning the Alaska mission field. Since I heard your lecture last year at McCormick Seminary, the thought has been pressing itself upon me that I should volunteer to go as a missionary to Alaska. My dear Doctor:

The plans and specifications for the proposed new school-house at Hoonah have arrived, and the Secretary of the Interior has designated Marshal Williams, Clerk of the Court Chas. Rogers and myself as a committee to open the bids, as per advertisements in several papers, on April 15th. We will attend to this matter promptly and have the work done properly.

You call it dissipation, but we are only fulfilling the Scripture. The command is "clothe the naked and feed the hungry", and I know of no class of people in Alaska who have ^{a better} appetite than the ministers. I got a toy tin horn for my booby prize, and I can blow my own horn now whether the people are willing to hear it or not.

I wrote a letter to Mr. Kelley, in your care. If he is not in Washington, you may open the letter and send the enclosure in it to its proper place. Our weather just now is delightful, and I expect it is ahead of what ever you may have at Washington.

The new Administration will assume the reins of government now very soon, but the "Indian River will continue to flow right along" and the tides will never miss. Mr. McKinley will make a good President, and we will all try to enjoy life just the same.

of Mrs Heizer & Sagsman.
Thank you for the trouble
you have taken in the
matter. I heard last
night that Commissioner
Rogers had resigned in
favor Edward Chamberlain.
You know the latter man
I think. He is an English-
man, used to help Miss
Pauline Bohren in the P.O.
Is always full if he has
any money of his own,
or if he can find any
one to treat him. It

would be a calamity to
have such a man slip
into the office, then too
Miss Cohen has married
one of the officers of the Greek
Church - Arch-angel-sky, and
they would work against
us among the natives.

Mr Otis Smith gave us the
secret (to Mr Milmore) and
in this week's issue of the
Alaskan the announcement
is made of his connection
with that paper being dissol-
ved. I do hope that Presi-
dent McKindley will give us
Christian men to fill the
offices of U S Commissioners.
The success of missions

in Alaska depends very
 much on this matter. The
 natives are quick to perceive
 whether those men are in
 sympathy with us or not.
 The present Commissioner
 has decided that it is not
 against the law for the
 natives to have beer & ~~is~~
 & the result is a great in-
 crease of intemperance
 among them. Please do all
 you can to help us in this
 matter. Mrs Austin is suffer-

ESTABLISH THE UNIVERSITY OF THE UNITED STATES,
UNITED STATES SENATE,

Mar. 8, 1897. ———, 189

Rev. Dr. Sheldon Jackson,
Bureau of Education,
Washington, D. C.

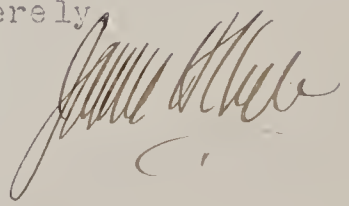

My dear sir:

I thank you for your congratulatory letter. A snow blockade and the pressure of correspondence have prevented answering before this.

I trust I shall by faithfulness fulfill the expectations of my friends. Aside from personal considerations I feel that my election is a victory for conservatism in South Dakota, and means the downfall of socialism and corruption.

During my term I shall endeavor to represent our people regardless of party, and promote by my voice and vote all measures that look to the happiness and prosperity of the State.

Yours very sincerely

Will you allow me to introduce Rev. Sheldon Jackson, D.D., General Agent of Education for Alaska under your Department? Dr. Jackson is one of the remarkable men of the generation; his wisdom, energy, administrative ability and fidelity in developing the educational interests in New Mexico, and Utah and particularly in Alaska,- being the pioneer in the work in that far-away land - mark him as without an equal in the record he has made and the ability and success which have attended his whole career. I congratulate you upon having such a man in your Department and I most earnestly recommend him to your confidence.

My Dear Sir:-

At the instance of a number of my
Republican friends in this city, who witnessed the
great amount of hard, effective editorial work which
I have done here, in the more than two years past, I have
placed on file with the Secretary of the Treasury, an applica-
-tion for appointment as Deputy Comptroller.

I had more than a year's experience as chief of the
Law Division of the Second Comptroller's office, before I went
to Alaska; and therefore am quite well acquainted with the
duties of Deputy Comptroller.

If you feel like saying a good word, for me,
in a letter addressed to the Secretary of the Treasury,
and forwarded to me, no one can appreciate the kind-
-ness more than I can, or will. Mr. Kelly wrote me

Some weeks ago, in a letter that aimed at
him in becoming U.S. Marshal for Alaska, I
forwarded one to him, care of the Bureau of Edu-

not know whether it reached him or not.
If it did not reach him, please have him
let me know, and I will duplicate it.

for the position of U. S. Dist Attorney for Alaska.
There is an Attorney about Haskell's style
trying for the Appointment, now of Alaska,
formerly of Portland. I have been in the
practice here about nine years besides my

Will you use your influence and if it
is not too much trouble get the Mission Board

Dear Sir;-

I tried to see you to-day before you left the building but failing in that I send this note. Last year we received April 6th, \$1500. from Mrs. Elliot F. Shepard, for the salary of the physician at Sitka. We would be very glad if you would send her a note reminding her that the amount is due for the present fiscal year. The New York Presbyterian Society is behind in receipts thus far and are very anxious that her contribution shall be received in time to be credited before their meeting, April 5th, in order to make up their deficit.

We think a word from you would accomplish this and would be very grateful if you would give the matter your attention.

Dear Brother Jackson:-

By to-days mail I send you a copy of the "Occident" containing picture of the new church at Metlakahtla, Alaska, and also an article on that wonderful Mission.

I was with Mr. Duncan ten days and had a most royal time. Of course, we talked about everything in connection with Missions. I was surprised that he was receiving nothing from the Government towards educating his Indians there.

He said that an appropriation had been made and a commission sent for him to sign as a teacher, which he could not conscientiously sign as he was not teaching himself but employing others to teach. I assured him that in my opinion he was putting a wrong construction upon the commission, that it was intended for him to be the superintendent or managing man of the location, and that I thought he ought to have signed the commission and thus drawn the Government appropriation.

You know Mr. Duncan is very conscientious in what he does or agrees to do. I am so well satisfied that he is mistaken in this matter that I write you on the subject.

Mr. Duncan was in Portland this month and went to San Francisco on business but has now gone back to Metlakahtla and expects to get things in such shape at home that he can make a trip to Washington more particularly to see about the Fishing interests of Alaska than anything else.

Of course Mr. Duncan cannot go into a school-room and fill the position of a teacher to the neglect of the more important business that he is carrying on there, and whether he goes to Washington or not I hope that you will see to it that the matter is so arranged that the appro-

Portland, Oregon,

priation will be made for Public school at Metlakahtla for the Indians.

The teacher that has been employed during the last year is Mr. Hamblit and is a very nice man according to my judgement of a ten days stay in Metlakahtla.

You will notice the church on the "Occident" is called the Presbyterian church, that was altogether a mistake of the "Occident's", they had no authority whatever to call it a Presbyterian church as you will see the last item of my article refers to it as an undenominational, self-supporting Mission.

Mr. Duncan has engaged a man from Iowa who with his wife will soon be on the ground as additional teachers to give the more advanced scholars proper instruction.

With best wishes for your continued success, I remain as ever.

Reverend and Dear sir :-

I am informed that Mr W.A.Kelly, a former Supt. of the Training School at Sitka ,Alaska, is a candidate for U.S. Marshal in that territory; and that, in case of his appointment my brother, J.A. Shields, now at Sitka, will possibly be one of his Deputies.

In a recent interview with Col. W.A. Stone, of this district, he explained to me that these appointments were made principally at the suggestion of the U.S. senators ; but that he thought Mr Kelly had his business well in hand, inas much as he had been a delegate to the St Louis convention. He spoke of you and your work in Alaska, and thought it might be a good thing for you to have a personal interview with the President, if possible, and press the claims of Mr. Kelly.

I have a letter from Professor John Trowbridge, Cambridge, Mass. inquiring as to how and where he can best send a student to spend a winter in Alaska, for the purpose of making special observations on the aurora borealis. Of course, he wishes to be established at some point where the aurora is likely to be frequent and brilliant. Can you give me any information, that I may communicate to him, as to how he can reach and live at some suitable point ? I presume that the islands in the Behring Sea are not so favorable for auroral observations as some point on the mainland . Would it be practicable to reach Point Barrow ?

My dear Doctor:

Thanks for yours enclosing the Evening Post editorial. An old editor, now retired, of one of our most prominent and oldest New England papers, states his willingness to take up the fight for me, and says he learned that whenever anything appeared in the Evening Post the best way was to believe the opposite.

He gives me a rather charitable view of Welsh saying that when he ran a newspaper he had the same "mania for running the Universe". The only criticisms that come to me on what I have said are from the Evening Post, City and State, New York Independent and the School Journal. I have another broadside bigger than either of my former ones, double shotted, but think I shall let the Red Man for this month go with full details of our Commencement.

I expect to go to Washington for several days the first of next week, and hope I shall find you at home.

Second, On the reception of your quarterly report, for which blanks will be furnished, the amount of compensation for the quarter, as determined by this Agreement, will be due; AND, AS SOON AFTERWARDS AS THE FUNDS WILL WARRANT, a check for the same will be forwarded to your order by the Treasurer: *the payment for the last quarter will be withheld* until the annual contribution required by the "Rules for Congregations," ART. Fifth, This Agreement is for the entire field, and a failure to preach regularly at any of the places named in it, or the exchanging of one of these places for another not herein mentioned, renders void the Agreement, and requires a subsequent arrangement between the Board and the Presbytery before payment can be made.

FORM OF BEQUEST.

I give, devise, and bequeath unto "The Board of Home Missions of the Presbyterian Church in the United States of America, incorporated April 19, 1872, by Act of the Legislature of the State of New York," the sum of _____ Dollars, to be expended for the appropriate objects of said Corporation.

Rules of the Board of Home Missions.

I.—RULES for MISSIONARIES of the Board of Home Missions.

I. The aim of the Missionary should be to build up the kingdom of Christ, by constant and prayerful labor for the conversion of the unregenerate, the edification of believers, and the training of the children.

II. The Missionary must be a member of the Presbytery to which the church or churches under his ministry belong, and he is expected to reside within the bounds of his field of labor.

III. The Missionary, after obtaining authority from the Presbytery, should organize a church as soon as it is needed in every suitable locality where there is not one already, and will see that it is placed at once under the watch and care of the Presbytery to which it naturally belongs. He is urged to avoid interfering improperly with existing organizations, or multiplying churches from mere sectarian considerations.

IV. As soon as practicable, the Missionary should endeavor to secure for each congregation a suitable house of worship.

V. He is expected to organize a Sabbath-school wherever it is needed, and, as far as practicable, see that it is supplied with teachers and spiritual oversight.

VI. He is to cultivate in his people the spirit of benevolence by inducing them to contribute, as the Lord hath prospered them, to all the objects recommended by the General Assembly.

VII. Every congregation receiving Home Mission aid is required to take up an annual collection for the work of the Board.

VIII. Under NO circumstances are Missionaries authorized to *draw* upon the *Treasurer*.

II.—RULES for CONGREGATIONS applying for aid to the Board of Home Missions.

I. Every church should, by a systematic and self-denying effort, or by union with one or more neighboring churches, endeavor to support itself before seeking aid of the Board of Home Missions; and when it becomes evident that aid must be received, the smallest amount needed should be asked.

II. The following particulars should be included in the application, viz.:

a. The NAME and the POST OFFICE ADDRESS of the congregation, and of the MINISTER to be appointed, with a statement as to whether he is engaged in any other calling besides the Ministry.

b. The number of communicants, and the average attendance on public worship.

c. The denomination and the size of each congregation immediately contiguous, with the distance to its place of worship.

d. The state of business in the community, the character and condition of the people, the total population of the place, and whether it is increasing, stationary or diminishing.

e. The TOTAL SALARY which the applicants purpose to make up, and the portion of salary which THEY pledge, and the arrangements made for securing it; whether they have a manse, if not, the probable rent of a suitable residence for the Missionary; whether aid is expected from any other source, and the least amount that will be required from the Board.

f. The date *from* which, and the length of time *for* which, aid is desired.

g. The Presbyterian relations of the Minister and the congregation. None can be aided by the Board who are not in connection with the General Assembly of the Presbyterian Church.

h. The application should be signed by the elders, the deacons, and the trustees of the congregation, so far as it has such officers.

III. Churches are required to become self-supporting as soon as possible, and aid should not be asked for more than five years, except for special reasons satisfactory both to the Presbytery and the Board.

IV. When aid is granted to any church, it is done on the condition that it shall take up yearly collections as required by the General Assembly (see Minutes, 1889, p. 109).

V. All applications for the renewal of aid should certify that the person who ministers is a pastor, or give reasons satisfactory to the Board why the pastoral relation has not been formed.

VI. All applications must be renewed before a new appropriation can be made. In seeking renewals all the blanks in the form prepared should be filled, and every item of information necessary to the complete understanding of the case be furnished the Board. Facts stated in former applications cannot be accepted as satisfactory for the renewal. *The certificate of the minister, stating whether or not the congregation has fulfilled its former pledge for his support, must accompany the new application.*

VII. The applications of the churches should be promptly forwarded, because the Board, except in extraordinary cases, will not antedate an agreement longer than two months from the receipt of the application.

VIII. By special direction of the General Assembly, every application must be approved and forwarded by the Presbytery to which the church belongs, or by its Committee on Home Missions. *The recommendation of missionaries and the amount of aid asked must be determined by ballot.*

Rev. Sheldon Jackson, D. D.

Thank you for your letter of February 23rd. Mr. James' illness and being ordered south, I, of course, going with him, has hindered my correspondence. I note your wise suggestion regarding United States Commissioner. I remember the man who was in the office when we were there, and know of his unfitness for the place. What do you think are our prospects of success, now that Mr. Mc Kinna has been appointed Attorney-general, as he will have probably the appointment or recommendation of Judge, Marshall, U. S. Commissioner and District Attorney? We are doing our part but I very much fear that we shall not succeed, for, of course, as Mr. Mc Kinna is a Roman Catholic, he will desire to advance the interests of his own church. Would he ~~offer~~ *offer* Mr. Brady for Governor?

I am glad that you are to be at the meeting of General Assembly at Winona, and that we are to have you, as we hope, as Speaker at the Popular meeting Sunday afternoon. We know you will be willing to put in a word for us wherever it is possible.

Yours with sincere esteem,
M. E. James.

My Dear Sir:-

Your reply received. The man

To whom should I apply for one of the positions
you mention?

Is there any place I could fill in Alaska

My dear Dr. Jackson: -

Your favor of the 27th is just at hand. I can well understand that you would imagine me as well acquainted with Mr. Cornelius Bliss, for we are both Congregationalists, and both have resided in the same city for years, but we are not acquainted, and if we should meet each other on the street we would not know each other. Missionary Secretaries are not always well acquainted with people, and my knowledge of the members of Broadway Tabernacle Church is very limited.

Under these circumstances, I should feel that a letter from me to Mr. Bliss would hardly receive attention, and certainly would be of no avail to you - much as your past admirable services in Alaska deserve recognition. Very sincerely yours,

M. E. Strieby.

Dear Dr. Jackson:-

Your communication to Mrs. Pierson, in her absence, comes to me for reply.

The Executive Committee acted upon the suggestion that you made, and will invite Dr. and Mrs. Marsh to be present at the meeting April 6th. Since you and Mr. Brady will be in New York at that time we shall expect you also. Will you kindly say the same to Mr. Brady, on behalf of the Executive Committee?

Do you know that Fannie Willard has knocked down all my "air castles?" I am sorry, but I presume it can not be helped.

Mrs. McFarland's address is 1418 Broadway, Alameda, Cali., instead of Tacoma, Washington, as previously sent.

Very cordially yours,

Susan H. Pingree.

Dear Sir

As I still have no instruction where to send reports I shall send them as I did last month one copy to Washington and one to Mr Kelly at Ft. Hayes Alaska.

Our work is progressing nicely although we have come to the season when our people are all away and so things are very quiet.

Nothing is really new here to have for vacation the last of May according to Steward

return by the first Ste in Sept.
